## “BEYOND THE HORIZONS”

### A Before Report on Alumni Lecture Series 5

As an initiative by the KITSWAA, the Department of Mechanical Engineering had started the fifth alumni interaction lecture series “Beyond the Horizons” on 11/09/2021.

The session started with a brief introduction, stating the motive for the initiation of the lecture series by Dr. K. Sridhar, Professor & HOD, MED. The speakers for this series were Sri. Dega Tirupathi Reddy, alumni of MED KITSW 1995, and his topic of discussion was “Career opportunities for Mechanical Engineering students in computer application and related Industries”, he is the IT Consultant for African Clients such as Bank of Tanzania and ASP company.

## Sri Dega Tirupathi Reddy interacting with the students.

Sri Dega Tirupathi Reddy started the session with a general discussion on various opportunities for the students for higher education and jobs around the globe. He said that mechanical engineering students were having dual advantages as they can choose jobs in core industries and software organizations. The queries asked by the students were addressed stating the domains at which the students must look for their post-graduation and also the various opportunities in the present scenario in the world for successful entrepreneurs. Dr. K. Ashoka Reddy, Principal of KITSW said they were organizing various workshops & seminars to foster the culture of innovation, research, entrepreneurship among the students under the guidance of Institute Innovation Council (IIC), an initiative of MHRD. He also thanked the speaker for taking out the time and for being at every need of hour for the well-being and success of the students. Dr. K Sridhar, Professor & HOD, MED said that 82 Mechanical Engineering students got jobs in core and software industries in 2020-21.
