The MESA, with appreciable finesse, organized a webinar on Intellectual Property Rights (IPR) on 3rd November 2022 from 4:00 pm to 5:30 pm in MCAD Laboratory, Block III. The event was conducted under the NIPAM (National Intellectual Property Rights Awareness) 2.0 body launched by the Government of India as a part of Azadi Ka Amrit Mahotsav. The webinar was conducted on the CISCO Webex platform.

The speaker of the session was Mr. Thilak Vadicherla, Examiner- Patents & Designs in Indian Patent Office, Chennai. He has a rich experience of over 17 years. He has conducted over 120 programs on IPR. The session started with the invitation of the guests- Mr. Thilak Vadicherla, Mr. K. Kishor Kumar, Mr. U. Srinivasa Balraj, and all the students by M. Essamuddin Ahmed, Event Coordinator & Documentation Head, MESA. The room was filled with a vehement ambiance by the zealous students.

The anchor, Mr. Essam introduced the work experience of the speaker and his achievements. Following the introduction, Mr. Vadicherla was invited to address the session.

Mr. Vadicherla has started speaking right from the basics- what is IPR, and why it needs to be protected and registered. He further shed some light on the categories of IPR along with examples. Adding to that, he has enlightened the audience regarding brand values, brand registrations, and trademarks. He has also conducted an activity to make the audience realize how the third-party manufacturers were impersonating renowned brand names by changing their names, emphasizing the need to protect an IPR. In addition to this, he also explained what are patents, trademarks, and copyrights. The silver lining of the session was that he also explained how to file a patent and the costs associated with filing a patent. He also informed us that the current and upcoming months are the best time to file a patent.

The cherry on top was that the audience was amazed to perceive the plethora of opportunities in the field of IPR. The speaker also added points explaining how the Indian Patent Office (IPO) supports the filing of patents by giving 80% fee concession for Institutes, schemes awarded for start-ups, and availability of choice to file patents in online mode. The speaker also showed a specimen of a patent certificate. He also explained the patent granting procedure along with some crucial points to remember. He also added to his speech that a person should focus on getting a patent first rather than applying for a research paper to ensure the protection of the patent as soon as possible to avoid plagiarism. The session was concluded after basic key terminology was unfolded by the speaker.

The session was open to questions from the listeners.

The anchor invited the Academic Coordinator, Dr. U. Shrinivas Balraj, MED to present his presidential remarks at the session.

Following the conclusion of the remarks, Mr. K. Kishor Kumar was invited to present a vote of appreciative thanks.
