- 1. The Academic council (AC) 10<sup>th</sup> meeting of the institute was conducted on 17.08.2024, from 10:30 AM to 02:30 PM at Committee Hall, KITS, Warangal.
- 2 Two (02) external members and all Internal members were present physically. Five (05) external members attended virtually (online mode) through GOOGLE MEET platform
- 3. All AC members were present and offered their valuable suggestions.

## Details of the AC 10th meeting

The AC meeting commenced at 10:30AM and was presided over by the Chairman, AC. At the outset, the Chairman, welcomed the members to the meeting to discuss the prenotified items on the agenda and sought approval.

- At the outset, the Chairman presented his views that the engineering programmes
  are required to impart required Knowledge (K), Skills (S) and Qualities (Q) (values
  and attitude) and facilitate students to acquire the characteristics of good engineer.
  The KSQ imparted to the students will make them industry ready and also capable
  of entering Institutes of National Importance for higher education and research.
- The undergraduate rules & regulations- 2024 (URR24) and curriculum under URR24 is designed to be competency-focused outcome-based curriculum, which is applicable for the batches admitted from academic year 2024-25.
- The chairman informed the AC members that industry experts and alumni have been contacted for inputs in preparing URR24 industry ready curriculum. The

expected competencies (both technical and generic competencies) to be demonstrated by the graduates of different B. Tech programmes along with the target industries/research organizations have been identified. The courses (theory & labs) for the different B.Tech. programme have been identified by mapping the desired competencies with courses and preparing the blueprint of the scheme.

- Learning tracks for Placements (core & IT/ITES), higher education and research are identified for the benefit of students
- The chairman requested the Dean Academic Affairs Prof. K. Venu Madhav to present the items on the agenda.
- As part of agenda items, the Dean AA highlighted the salient features of URR24 curriculum and informed the members on the following components that are newly introduced in the curriculum under URR24 regulations.

Component introduced	Semester	Total credits	Justification
Multidisciplinary Open Electives Courses (MOPEC)	V, VII & VIII	9	To give exposure on interdisciplinary and cross disciplinary domains
Practicum	I, II, III & IV	4	For experiential learning to impart problem- solving, critical thinking, and communication skills
Startups & Entrepreneurship (STE) basket	V	3	To inspire and prepare the graduates with startup and entrepreneurial mindset
Social Empowerment Activities (SEA) and Self Accomplishment Activities (SAA)	I, II, III & IV	4	To ensure all dimensional holistic growth of the learner
Expert Talk Series	I, II, III, IV, V & VI	6	To provide graduates with up-to-date industry relevant knowledge and technological trends in their respective fields

The members of AC have also been informed on the Multiple Entry Multiple Exit
(MEME) option that is introduced in the as part of URR24.

S. No.	Exit Description	Exit Point	Degree/Certificate offered	Goal
1.	First Exit	After completion of First year	UG Certificate in ECIE	The student should be employable as Technical Assistant (ECIE) in any industry/organization
2.	Second Exit	After completion of Second year	UG Diploma in ECIE	The student should be employable as Technician (ECIE) in any industry /organization
3.	Third Exit	After completion of Third year	B. Voc in ECIE	The student should be employable as Technical Supervisor (ECIE) in any industry/organization
4.	Normal Exit	After completion of Fourth year	B.Tech in ECIE	The student should be employable as an Engineer (ECIE) in any relevant industry/organization

- The members of AC have been informed that the following degrees can be awarded for fast learners (students need to acquire additional credits by completing additional courses/research)
  - o B. Tech with "Minor"
  - o B. Tech "Honours"
  - o B. Tech "Honours with Research"
- The AC members have been informed that the curriculum is designed to offer good number of baskets of Programme Electives, each basket having identified courses corresponding to the programme specializations called verticals. This enables learners to grow in a domain specialization or domain vertical. The student can opt for courses in the sequel (PEC-1 to PEC-4) in any of the specific verticals or across the verticals. If a student completes the sequel of courses PEC-1 to PEC-4 listed under a specific vertical, that specific vertical will be mentioned in his/her degree certificate, as specialisation.
- Respected external members have given feedback and valuable inputs following inputs and suggestions for the curriculum revision under URR24
- After deliberations, the academic council has resolved the following on the notified items on the agenda
