17.	Sri. Banoth Prasad	Cofounder & CEO K4UInforTech, Hyderabad	External Member (Post Graduate Meritorious Alumnus – Academia/Industry)

Resolutions of BoS Meeting

The BoS members were given the suggestions with respect to the courses as follows:

Course Code-Name: U18IN304 – Fundamentals of IoT

- Suggested to include communication protocols
- Suggested to include case study.

Course Code-Name: U18IN312 – Fundamentals of IoT Laboratory

- Suggested to include experiments of ESP32 and raspberry pi.
- Suggested to include experiments on relay.

Course Code -Name: U18IN405 – IoT architecture and protocols

- No comments

Course Code -Name: U18IN406- Python programming for IoT

- BoS members suggested to include libraries like numpy, pandas
- Suggested to include AWS cloud connectivity with PI

- **Course Code -Name: U18IN406- Python programming for IoT laboratory**
- BoS members suggested to include scikit libraries
- Suggested to include data analysis after storing the data in the cloud.

Head of the Department

Request to approve the revised syllabus of CSO, B.Tech as per BoS meeting held on 05.06.2023-reg

Dear Sir/Madam,

Greetings!!!

First of all, Thank you so much for your valuable inputs for preparing the syllabus of CSO VII & VIII semester courses in the BoS meeting held on 05.06.2023.

As per suggestions given in the BoS meeting, availability of resources and faculty expertise, the syllabus is updated (Enclosed in the attachment)

I request you to go through the syllabus and kindly acknowledge your approval.

And i request you to provide your **Digital signature** with following bank details:

1. Name:
2. Acc. No.:
3. Bank name and Branch:
4. IFSC Code:

Thank You Sir / Madam.

Dear Dr. Kumar,

My final suggestion is if possible can we change the title of the course offered in 8th Sem "**U18IN801C: Introduction to Robotics Systems**" to "**Autonomous Mobile Robots**". **Maybe you can keep the content same.** Generally, in the 8th

semester, avoid Introduction word in the course name.
Also, write the word **IoT** instead of **IOT**.
Rest all is fine.

Dear Kumar,

Thank you for sharing the documents for approval. Here are my suggestions:

1. In "Intro2robSys" course, in the last module, it reads as " Operating System Industrial Robots".

2. As Prof. Venkanna suggested, if you want to change the course title, you can consider "Robotic Systems" as Autonomy is only a 1% of the syllabus.

In principle, here is my approval.

Best regards,
Gourinath

Screen shorts of meetings:

Resolutions of BoS Meeting

The BoS members were given the suggestions with respect to the courses as follows:

Course Code-Name: U18IN503 - IoT with Cloud Computing

- No comments.

Course Code-Name: U18IN508 - IoT with Cloud Computing Laboratory

- Suggested to include Thingworx IoT platform
- Suggested to have some laboratory programs on connecting to AWS-IoT, Azure- IoT- which is used for data aggregation
- Suggested to have a mini projects in last few labs – if possible

Course Code -Name: U18IN605 - Artificial Intelligence for IoT

- BoS members said that there is no connectivity for Artificial Intelligence and IOT, as per the syllabus.
- They asked to include the content in UNIT-I, which reflects “Why AI should be taught for IoT Students”.

Course Code -Name: U18IN606- Industrial IoT

- BoS members suggested to include Industry visit- which may give a good exposure to students
- They suggested to include RAMI- Germany Ref.- Architecture

Course Code & Name: U18IN608 - Artificial Intelligence for IoT Laboratory

- BoS members suggested to include some real time examples
- Suggested to include Time Series Analysis

Course Code & Name: U18IN609- Industrial IoT Laboratory

- BoS members suggested to include IoT Simulators to have more expose to students

Dear Sir/Madam,

Greetings!!!

First of all, Thank you so much for your valuable inputs for preparing the syllabus of CSO V & VI semester courses in the BoS meeting held on 09.07.2022.

As per suggestions given in the BoS meeting, availability of resources and faculty expertise, the syllabus is updated (Enclosed in the attachment)

I request you to go through the syllabus and kindly acknowledge your approval.

And i request you to provide your **Digital signature** with following bank details:

1. Name:
2. Acc. No.:
3. Bank name and Branch:
4. IFSC Code:

Thank You Sir / Madam.

Dear Dr. Kumar,

My final suggestion is if possible reduce the content of **Artificial Intelligence for IoT**. As per my understanding, covering many topics in a single subject is challenging.

Rest all is fine.

Thanks
Venkanna U

Dear Dr. DK,

I agree with UV sir.

I suggest, in the course of AI for IoT, you include the distinguishing characteristics of IoT from Data perspective, then need to introduce the concept of AI, then going onto the selective ML techniques for IoT because of its characteristics.

Closing remarks:

Any new curriculum design exercise gives an opportunity to have an upto the date and appropriate syllabus, and as Dijkstra states academia and its curriculum to be ahead of Industry practice by at least a 20 + years, which is only possible by imparting apt fundamentals that makes the students qualified to learn anything on the fly, rather than making a bloated course, which runs the risk of attracting unnecessarily overwhelming stress on students and demotivating them.

Best regards,
Gourinath

Meeting Link:

https://teams.microsoft.com/l/meetup-join/19:juF53FbctSPvWdyKCMa9Gs0eY98USfp_g4eG_uhPj1l@thread.tacv2/1685944197478?context=%7B%22Tid%22:%228b044e35-2c51-41ba-93f3-d1a107ca7c50%22,%22Oid%22:%22bbe7796a-01e1-445b-8230-6e7c9f2dba85%22%7D

Screen shorts of meetings:

1. The chairperson of the BoS Dr. Soora Narasimha Reddy, Associate Professor & Head of Department, CSN welcomed the internal and External BoS members and further proceedings were taken up by Dr. Kumar Dorthi
2. Dr. Kumar Dorthi presented the URR-18 Scheme and Syllabus of 7th and 8th semesters respectively.
3. VII and VIII Semesters course syllabus were presented to BoS

Resolutions of BoS Meeting

The BoS members have given the suggestions with respect to the courses as follows:

Course Code-Name: U18IN702A - Cyber Physical Systems

- Dr. U. Venkanna, Dr. Gourinath Banda and Dr. Y. Pradeep suggested to rename the course as Industry 4.0 - if possible.
- Dr. Pradeep sir asked that whether subject is purely theoretical and are students provided with hands on toolkits.

Course Code-Name: U18IN702C - RFID and Microcontrollers

- Dr. Y. Pradeep sir said that RFID and Microcontrollers are separate topics and merging of these topics looks artificial. He suggested to rename the subject as Microcontrollers and RFID.
- Dr. K. Padmaja mam said that syllabus is vast and 3 hours per week to teach the subject won't be sufficient.
- BoS members suggested to work on syllabus.

Course Code -Name: U18IN703A - Embedded System Design

- Dr. Gourinath Banda sir said that UNIT-I and UNIT-II are confusing and whether subject focuses on software or hardware perspective.
- Dr. Gourinath Banda sir said that if it is a hybrid of software and hardware then how software perspective is covered.
- Dr. Gourinath Banda sir said that it is not motivating to introduce new subject to final year students as firmware includes instruction set architecture, pipelining and FPGA.

Course Code -Name: U18IN703B - Augmented Reality and Virtual Reality

- Dr. Y. Pradeep sir suggested to include term extended reality (XR) and definition of XR including VR and AR in UNIT-I.
- Sri. P. Prasad sir suggested that there is a lot of demand in the industry for this topic and hands on experience would enhance employment opportunity.

Course Code & Name: U18IN703C - Narrowband IoT

- Sri. Aravindan Aruna Gurunathan sir asked whether LORA and other protocols are covered or not.
- Sri. Aravindan Aruna Gurunathan sir suggested to include topic LORA vs IDLE in UNIT-I
- Dr. Y. Pradeep sir suggested that more concentration to be paid towards theoretic knowledge.
- Sri. P. Prasad sir said that from industry perspective IoT engineer doesn't need to worry about creation of protocol stack.
- Dr. U. Venkanna sir suggested that students need to understand MAC layer protocols theoretically.

Course Code & Name: U18IN704- Privacy and Security in IoT

- Dr. U. Venkanna sir suggested to add latest research papers and survey papers related to the privacy and security to increase awareness among students about advanced courses.
- Sri. Aravindan Aruna Gurunathan sir suggested to add security protocols such as public cryptography, SSL, TLS and digital signatures in UNIT-IV.

Course Code & Name: U18IN705- IoT Testing Tools Laboratory

Dr. U. Venkanna and Sri. P. Prasad sir said that syllabus is fine and good.

Course Code & Name: U18IN801B- Smart Grid

- Dr. Y. Pradeep sir suggested that focus towards the consumer end rather than the transmission end.
- BoS members suggested to change content of UNIT-IV and asked to include topics such consumer level IoT, smart application and scheduling.
- Dr. Y. Pradeep sir suggested to include reference book "Smart Grid Handbook" by ISO of India SmartGrid Forum.

Course Code & Name: U18IN801C- Introduction to Robotics Systems

- Dr. U. Venkanna sir and other external BoS members said that syllabus is good.

Course Code & Name: U18IN802B- Internet of Medical Things

- Sri. P. Prasad sir and Dr. U. Venkanna sir said that syllabus is good.

Dr.S.Narasimha Reddy

Assoc.Prof & Head, CSN

Dear Sir/Madam,

Greetings!!!

First of all, Thank you so much for your valuable inputs for preparing the syllabus of CSO VII & VIII semester courses in the BoS meeting held on 05.06.2023.

As per suggestions given in the BoS meeting, availability of resources and faculty expertise, the syllabus is updated (Enclosed in the attachment)

I request you to go through the syllabus and kindly acknowledge your approval.

And i request you to provide your **Digital signature** with following bank details:

1. Name:
2. Acc. No.:
3. Bank name and Branch:
4. IFSC Code:

Thank You Sir / Madam.

Dear Dr. Kumar,

My final suggestion is if possible can we change the title of the course offered in 8th Sem "**U18IN801C: Introduction to Robotics Systems**" to "**Autonomous Mobile Robots**". **Maybe you can keep the content same.** Generally, in the 8th

semester, avoid Introduction word in the course name.
Also, write the word **IoT** instead of **IOT**.
Rest all is fine.

Dear Kumar,

Thank you for sharing the documents for approval. Here are my suggestions:

1. In "Intro2robSys" course, in the last module, it reads as " Operating System Industrial Robots".

2. As Prof. Venkanna suggested, if you want to change the course title, you can consider "Robotic Systems" as Autonomy is only a 1% of the syllabus.

In principle, here is my approval.

Best regards,
Gourinath
