## INTRODUCTION

The event is conducted as the first interactive event in the association hour. It describes seniors interaction with juniors and the questions posed by the them.

The introduction of association body members and how the hour will be utilized is given to the students. The events to be conducted, how would the students want the association hour activities, technical and cultural events and many other things about functioning of the hour are informed and discussed with juniors.

The questions about how the association works and the kind of events which are to be planned, how did the activities in past took place, the new ideas to be implemented, to make the hour effective and also interactive. The suggestions given by juniors and their inputs are noted to be considered for future activities.

## CONCLUSION

The outcome of what activities juniors wish to have are extracted and few of them are technical talks, conducting quiz on technical subjects, making of fun oriented games and also with hint of concepts and additional information At last, finally every junior cleared their doubts And organizers(seniors) answered juniors in polite way for their questions.

## CIRCULAR

## INTRODUCTION

Crypto maze is an overall game and skill assessing event, conducted in association hour (Fig. 1).

Fig.1 Poster of cryptomaze

Crypto is concept of cryptography. Cryptography is study of secure communications techniques that allow only the sender and intended recipient of a message to view its contents. Our event concept is decoding give text and finding that text in word puzzle. It is completely knowledge gaining and fun event. The main motto of our event is to provide ‘Education with Entertainment’ by introducing concept of decoding. Explaining the concept of cryptography and deciphering the text using rail fence algorithm. Explanation of rail fence using example via Power Point Presentation (PPT).

**Event Description:**

**Level 1:**

There will be one questions consists of given a plain text and depth. Converting the plain text to cipher text using rail fence algorithm. And finding cipher text in given puzzle.

Fig. 2 Participants solving puzzle, conducted in SE lab

**Level 2:**

Converting plain text to cipher text and find appropriate term to that cipher text in given puzzle (Fig. 3).

Fig. 3 Participants solving level 2 and organizers helping them

### Level 3:

In this level, the participant has to convert the plain text into cipher text and make that plain text into puzzle as matrix. Then highlight that word in constructed puzzle (Fig. 4).

Fig. 4 Finally Participants felt excited to complete last level

## CONCLUSION

Cryptomaze has successfully organized with help of teaching, nonteaching staff and students. Students have participated with excitement and gain knowledge from this event i.e. Rail fence cryptography encryption and decryption technique. This event totally based on knowledge and fun. Every student shown their interest and solved each and every level. Good feedback has received from the students or participants.

## INTRODUCTION

Tale of The Treasure is a spectacular event which is a fusion of technical and entertainment, conducted in association hour (Fig. 1).

Fig.1 Poster of Tale of the Treasure

Tale of The Treasure is an event with both fun and knowledge. The main motto of our event is to provide 'Education with Entertainment' by making participants to enjoy while searching for the clues and then solving the technical questions given in the objects. Participants are provided with a map containing locations of objects in college premises to make searching easier. Then in second round, technical questions are solved by the participants in presence of organizers.

## Event Description:

### Level 1:

In the level 1, you will be given a set of clues, where you have to find the objects in our college premises along with your team members from the given clues and bring the stuff to the organizers as soon as possible. You can Beg/Borrow/Steal from other teams also.

Fig. 2 Participants searching for objects in college premises

### Level 2:

Level 2 is a technical round where your team members will be asked some questions and the ones who will come soon and answer the set of questions will be rewarded (Fig. 3).

## INTRODUCTION

Fig. 1 Poster of Aenigma

Aenigma is an event which is related to solving puzzles and cracking code . The main motto of our event is to provide ‘Education with Entertainment’ as it has the fun part which is solving a puzzle and then getting the output from the code which is on the puzzle. This event will increase problem solving and puzzle solving skills. Anchors of event had explained about the rules and levels of the event.

### Event Description:

#### Level 1:

In the first level a normal puzzle related to computer hardware parts. All the participants will solve that puzzle. Only after the solving that puzzle next puzzle will be provided.
