- Paper presentation
- Techno fusion : Game on
- Treasure Troopers
- Tech Odyssey
- Quantum quests
- Funovation frenzy
- Electro Expo

DEPARTMENT OF ELECTRONICS COMMUNICATION & INSTRUMENTATION

Branch: Electronics Communication & Instrumentation Engineering

INDUSTRIAL TOUR

The place which we have visited and experienced the field work is IICT Hyderabad, We have observed the day-to-day processes at the Indian Institute of Chemical Technology (IICT). Our research focuses on various aspects of chemical and industrial processes.

Indian Institute of Chemical Technology, (IICT) Hyderabad

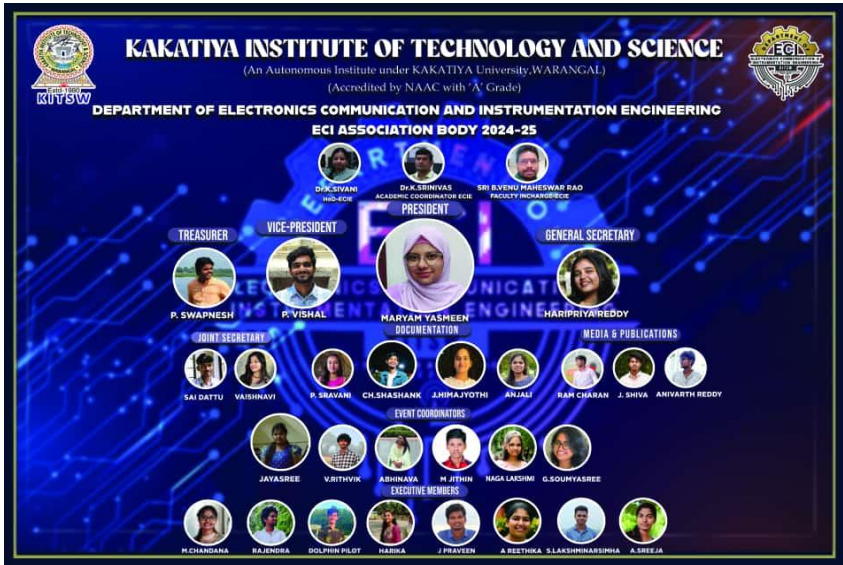

Provides round-the-clock research and development services in chemical sciences and technology through the in-house facilities at the Indian Institute of Chemical Technology (IICT). The Council of Scientific and Industrial Research (CSIR) designated IICT as a premier research institution to address challenges in industrial, environmental, and health sectors, ensuring innovation and technological advancements in chemical engineering and allied fields.

Conducts systematic quality checks and archives all chemical research data at the IICT Data Centre, making such data available to students, researchers, and any other users. IICT has been designated as a premier research institution by the Council of Scientific and Industrial Research (CSIR) and plays a critical role in advancing chemical sciences and technology in India.
