Association Hour Activity

Date of the event: 19-07-2023

Name of the event : **SELF INTRODUCTION**

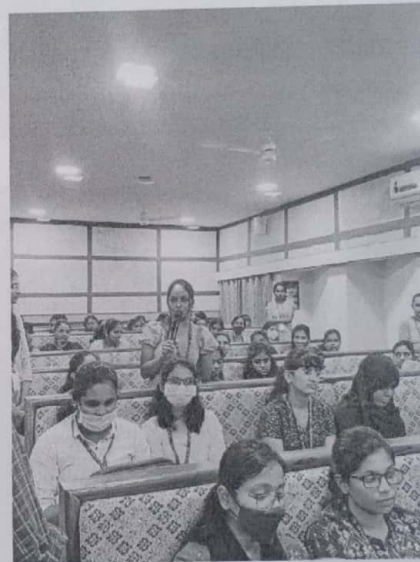

As a part of today's association hour we have self-introduction by the juniors (i.e., 2nd years).

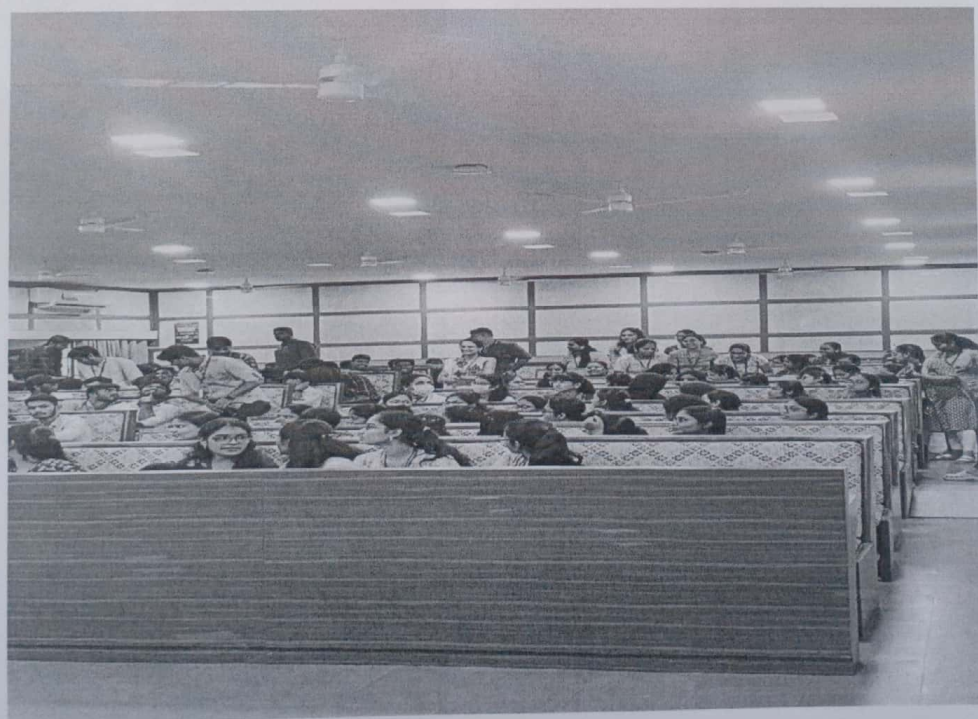

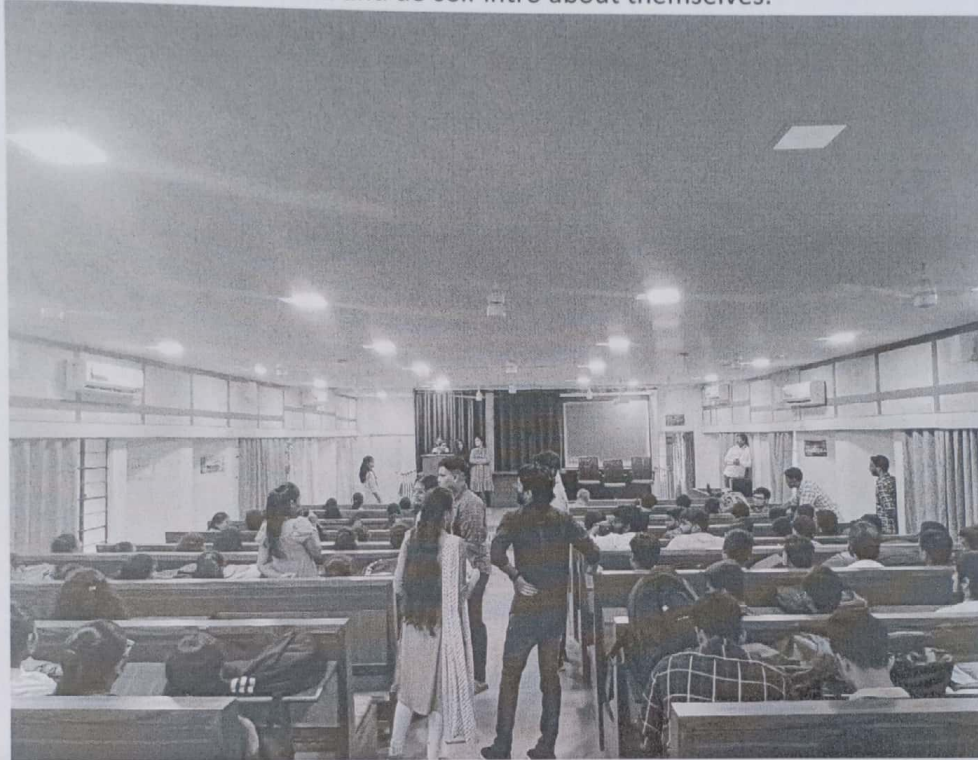

As a part of today's association hour we have self-introduction by the juniors (i.e., 2nd years).

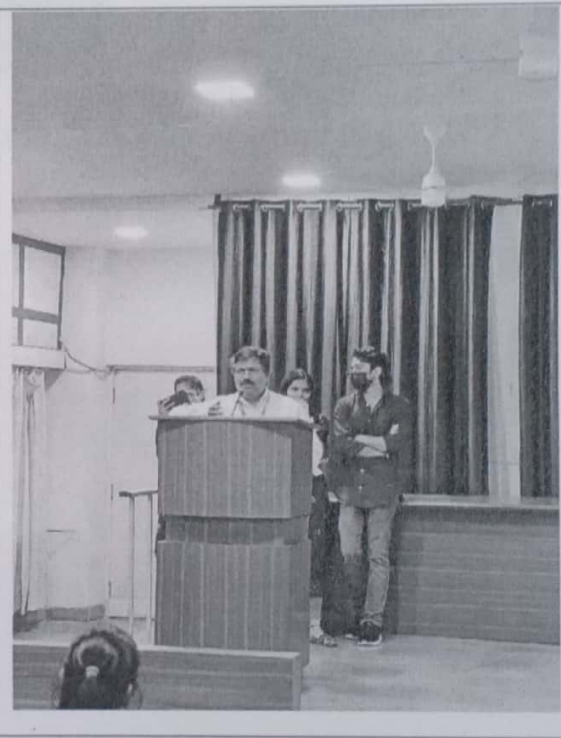

As part of the event few of the students had come on to the dias to speak out and over-come their fear.

These people spoke about their profile and took the initiative to speak and made others to with stand and do self intro about themselves.

The above pictures shows clearly that how the interaction between students and the seniors going on in clarification of their doubts.

The session has been ended by Kishore sir and Sudarshan Ray sir by motivating the students to come on to the dias and share their views and speak to over-come their stage fear.

Association Hour Activity

Date of the event: 09-08-2023

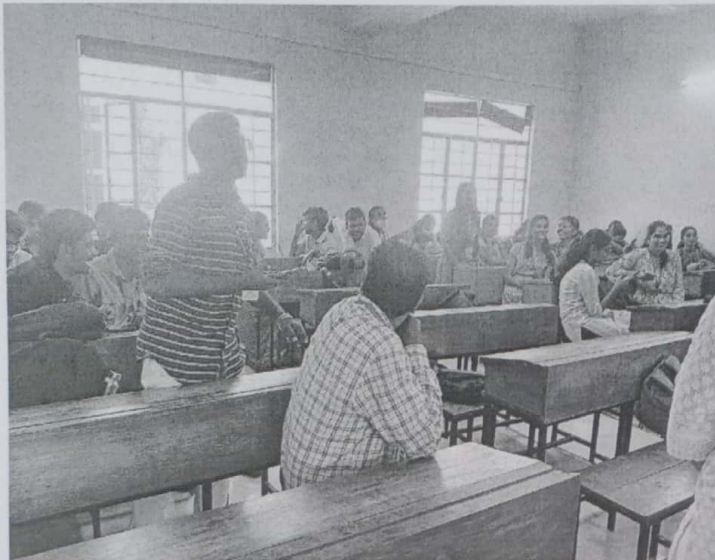

Name of the event: SKRIBBL

As a part of Today's Association Hour we had an SKRIBBL event by 3rd years (IT-1). As the part of event we conducted Technical and Non-Technical round. In Technical round there were some pictures from that juniors (i.e. 2nd years) has guessed the word, there were also some snippets from which outputs are guessed and explained the programs output. There is also non-technical round to make students interact which included movie names and songs.

These people have answered the questions and interacted with well. They have actively answered the questions. The below pictures shows the interaction between us.

The Session had completed successfully and was ended by announcing the Winners .

DATE OF THE EVENT: 16-08-2023

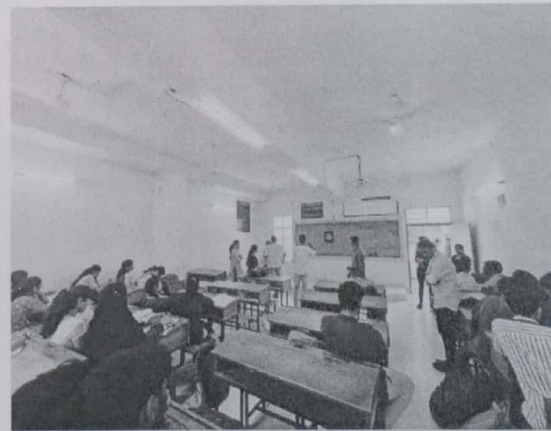

NAME OF THE EVENT : TARGET

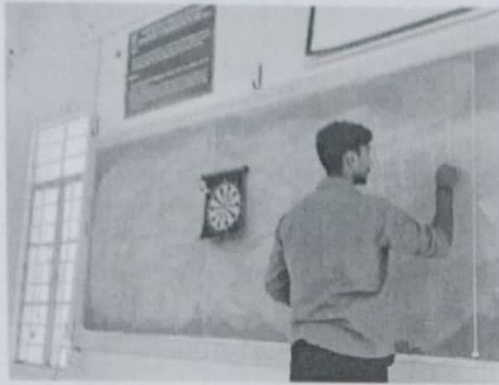

As a part of today's association hour we have conducted Target event.

Not to be as a routine technical quiz we have conducted the event with the mixture of some fun and knowledge gaining questions.

As the part of it – the event is like we have three chances to throw the arrows on to the dart, best of three is taken into consideration and from the set of questions we have to choose one and answer to that in time limit of 1 min, if not it passes to the other team with half the points.

The above pictures shows clearly that how the interaction between students going on to answer the questions and to and the participation of the students was too good.

Here are few pictures which describes that few of our seniors also tried to participate in the game and answered the questions to encourage the juniors.

The session has been ended successfully with a great response of students by participating actively in the event.

DATE OF THE EVENT: 24-8-2024

NAME OF THE EVENT: TECHNICAL BINGO

As part of this week's association hour we conducted the technical bingo event. This event was equal parts technical and fun which was a really nice way for students to gain some technical knowledge while having some fun

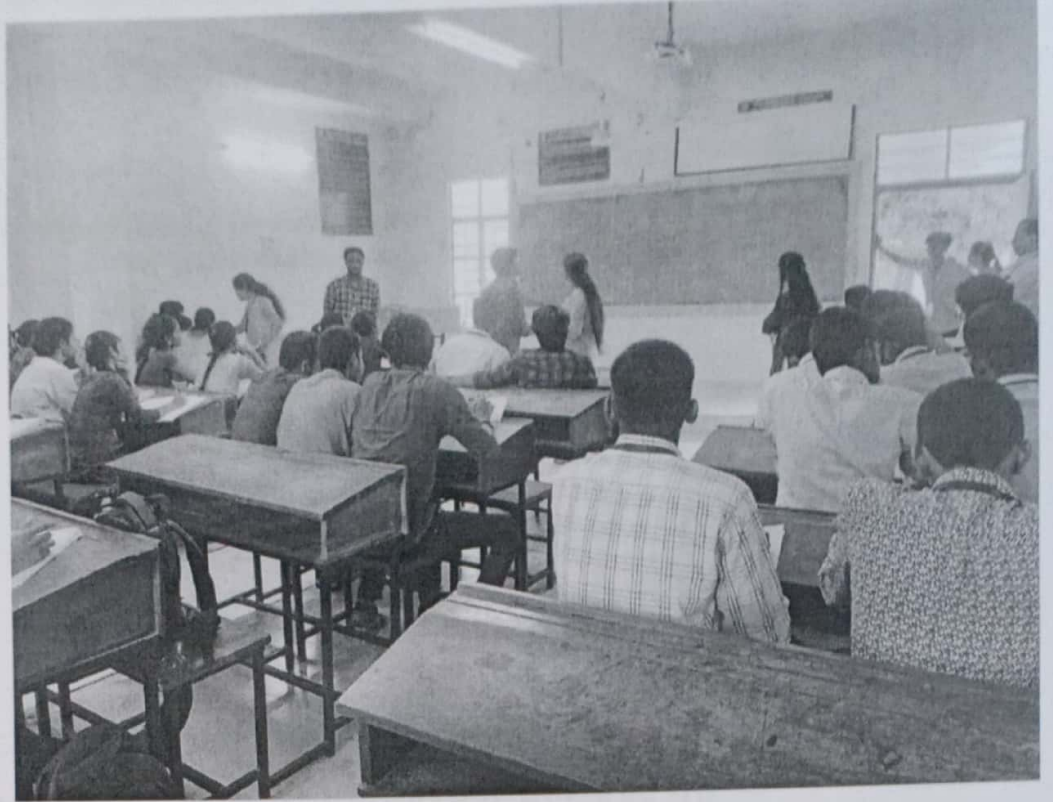

This event is a twist on the classic BINGO game which most of us have played in our childhood, here we've replaced the numbers in the 5x5 boxes with words which are the answer to the questions we've prepared

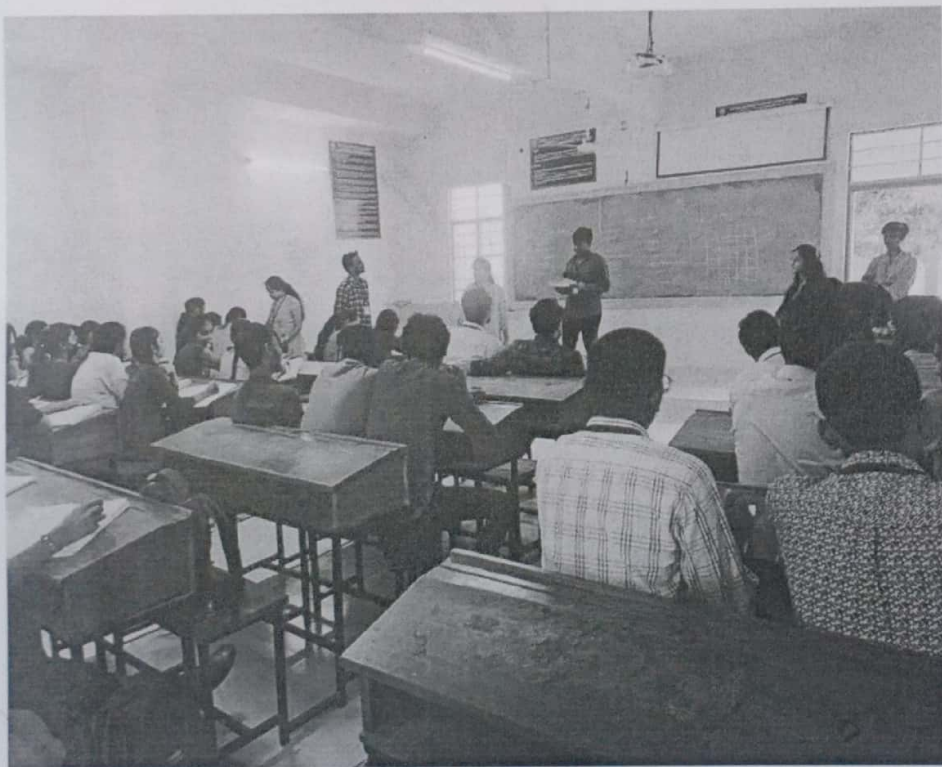

They get to strike off the corresponding answer to the question we read out loud and complete horizontal vertical or diagonal rows eliminating each letter from the word bingo for each row or column the cut off eventually cutting off the whole word BINGO and that person is the winner

These are a few pictures of us explaining the rules and how to play the game to the students

All of them participated actively and answered most of the questions correctly. we received a positive feedback on the event

The event was a success, the feedback was good from everyone

Association Hour Activity

Date of the event: 01-11-2023

As a part of today's association hour we have organized a guest lecture for students.

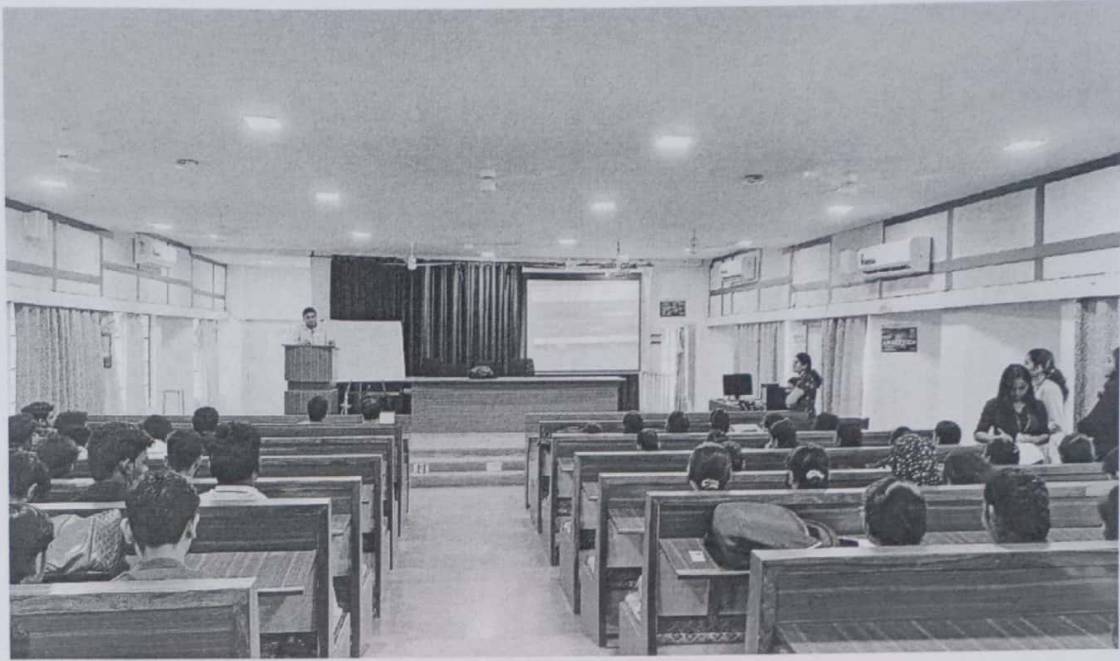

In this session Sandeep sir from the company Educog interacted with students about their path to abroad education. He explained about the steps to get into different universities in an elaborative way. Students who attended the session actively participated by raising doubts to which the speaker answered clearly.

So it was an interactive session.
