  - b) Advised to give target attainments level values for PO 5 In Renewable Energy Sources ( RES) course CAM

- c) Advised to add Surface Roughness in Milling along with Turning in 5<sup>th</sup> experiment and taperness measurement in Micro EDM of 8 experiment of Production Engineering Lab- II course
- d) Ensure that all the students study Industry 4.0 course, which is need of the day as per present industry requirements.
- e) GATE syllabus content should be covered while writing the syllabus of each course
- f) Tool Design course may be added during the next syllabus revision.
- g) R&AC course may be shifted to 3 year in the next syllabus revision, So that 3<sup>rd</sup> year student should be in a position to answer the questions related to R&AC in GATE exam
- h) Syllabus of CFD is heavy, contact Prof. CH. Sridhar Reddy sir for any modifications in the syllabus
- i) Approved the VII, VIII Semester syllabus presented by BoS Chairman

**2) Prof. CH. Sridhar Reddy, Head, MED, JNTU, Manthani**

- a) Knowledge on Teach T code is to be educated to the students in the CFD class
- b) Any changes in CFD syllabus will be informed. But, all the contents are interlinked with each other and nicely prepared.
- c) Ensure that all the students study Industry 4.0 course, which is need of the day as per present industry requirements
- d) Approved the VII, VIII Semester syllabus presented by BoS Chairman

**3) Dr. G. Raghavendra, Asst. Professor, MED, NIT, Warangal**

- a) Tribology course may be added during the next syllabus revision
- b) Ensure that all the students study Industry 4.0 course, which is need of the day as per present industry requirements
- c) Approved the VII, VIII Semester syllabus presented by BoS Chairman

**4) Smt. CH. Radhika, Asst.Professor, MED, Kakatiya University College of Engineering , Kothagudem**
