CIRCULAR
EXPERT TALK SERIES

Sub.: ETS mock session & Mock Test through MS Teams on 12.09.2024 (Thursday) @ 1.00pm

* * *

Success in today's world requires more than just academic knowledge. Awareness of real-world problems, industry working styles, and the tricks of the trade is essential. Learning from industry experts brings real-world examples that enhance educational experiences beyond theoretical concepts. To bridge the gap between academic knowledge and industry requirements, the Expert Talk Series (ETS) is being launched for first-year students. ETS helps nurture lifelong learning and develop employability-related competencies. It provides insights into industry operations, bridging the gap between academic learning and professional requirements.

The URR24 curriculum includes ETS to nurture and develop essential skills among students. Regular interactions with industry professionals through ETS sessions help students focus on current industry needs, motivating them to develop relevant 21st-century skills.

ETS mock session & Mock Test Schedule

Date: 12.09.2024, Thursday

Time: 1.00 pm

Title: ETS mock session & Mock Test

Test: 1.05pm – 1:15pm (10 MCQ's through MS Teams form)

Note:
1. Students should join ETS online using MS Teams (link shall be shared through domain email) credentials at least 10 minutes before start of the talk.
2. Expert talk is followed by a 10 minute online quiz/test consisting of 10 multiple-choice or fill-in-the-blank questions covering the session's content.
3. Students are required to maintain a 100-page ETS NOTEBOOK to record their learnings. At the end of the semester, a report on the acquired learnings must be submitted for evaluation.
4. Evaluation criteria include quiz scores (10 marks per quiz), attendance (20 marks), and the final report (20 marks).

Active participation is encouraged.
