[Handwritten Signature]

These faculty will undergo training in **Design Thinking** through various modes, including:

- Online courses on platforms such as NPTEL
- Training programs and workshops organized by external organizations
- In-house workshops conducted by invited external experts (to be scheduled during available time slots)

The above-nominated faculty are recommended to complete the suggested NPTEL courses on design thinking and are encouraged to participate in external training programs related to design thinking (as and when intimated). They are also urged to update their progress to the coordinator and maintain communication with the nodal center for a seamless transition into effectively delivering the course.
