	<ul style="list-style-type: none"> • Organization Chart and Process 	Click Here
	<ul style="list-style-type: none"> • Nature and Extent of Involvement of Faculty and Students in Academic Affairs / Improvements 	<p>The KITSW system of administration is well designed & properly structured in decentralized manner with clearly defined roles for Governing body (GB), Administrative committee, Academic council (AC), Board of studies (BoS), Finance committee (FC), Internal quality assurance committee (IQAC), Academic advisory committee (AAC), Grievance redressal committee (GRC), Student activity center (SAC), Class review committee (CRC), Anti ragging committee, Anti sexual harassment cell and Academic & student support centers with composition as per norms. Management, Principal, Deans, HoDs, Industry experts, University nominees, Alumni, faculty, staff, parents and students are involved in the policy development, decision making & policy implementation as required. Functions/ Responsibilities are clearly defined for each committee/ Administrator to realize the clearly defined vision and mission of the institute.</p> <p>Institute management supports every academic, research & student activity with required infrastructural facilities, operational support, finance and other resources time to time. Healthy working environment is created by the management in the institute with academic freedom, transparency, accountability and faculty onus to the institute at each level of administration. Every one works with dedication, commitment & best efforts with mutual support in an</p>

academic eco system for the benefit of student community. The faculty & students periodically meet to assess the goals/objectives set and the achievements under the guidance of the principal.

- Dean Academic Affairs (AA) along with his AA office team seamlessly integrates Teaching-Learning, Research, Innovation & Incubation and Entrepreneurship (I²RE) dynamically with various academic & co curricular activities with due approval of AAC of the institute. Dean AA administers the academic programmes and supports principal to explore new instructional & quality initiatives. Dean AA coordinates the activity of curriculum revision periodically and prepares the departments, faculty & staff to take up the challenges of academic autonomy at the institute level. Dean AA is responsible to set up mechanism for faculty evaluation every semester and generating a constructive feedback for faculty improvement. Dean AA is responsible to set up mechanism for user friendly feedback mechanism from students on courses they have taken.
- Prof. I/c IQAC & his faculty team regularly organizes academic quality assurance activities by inviting faculty & industry experts from peer institutions to interact with faculty and students of various departments and ensures for academic quality in the institution. Prof. I/c IQAC oversee faculty recruitment and reviews for reappointment and promotion every year. IQAC publishes academic, research & other achievements every year by capturing required data from all departments/ sections.
- Controller of examinations (CoE) along with his exam branch team ensures for successful conduction of examinations, authentic coding & valuation, tabulation of data & outcome based education (OBE) report generation, timely publication of result and award of degree.
- Prof. I/c Industry institute interaction cell (I³C) & MoUs will be in forefront to help UG & PG students to undergo mandatory internships and industrial training with

collaboration of industries & CII with the help of department I³C coordinators.

- Prof. I/c Training & Placement (T&P) and his team along with department T&P coordinators and student volunteers takes care of training the students for company specific training, inviting the industry personnel and alumni for core & software placements and ensures for gradual increase in number of placements every year for both UG & PG students.
- Dean Student Affairs (SA) along with his faculty & student team of various SAC clubs is involved in yearlong preparation & successful execution of various extra-curricular activities taken up by SAC clubs like Technical club (TC), Music, Dance & Fine arts club (MDFC), Games & Sports club (GSC), Literary & Extramural club (LEC), Photography & Media club (PMC), Humanity club (HC), Disciplinary club (DISCO), NSS & NCC clubs and year fests like SUMSHODHINI (tech fest) & SANSKRITI (cultural fest).
- Dean Research & Development (R&D) along with department R&D coordinators is taking responsibility of realistic implementation of institute ethics among faculty & student community through Anti plagiarism policy (APP) document in every aspect of academic & research writing. Dean Research & Development (R&D) helps departments to establish recognized research centers by coordinating with the Kakatiya University (KU), Warangal. Dean R&D supervises the research activity in institution by helping the faculty to apply for research projects/funding through AICTE, DST, UGC, DBT and other funding agencies meeting their deadlines every financial year.

- Dean Planning & Execution (P&E) is the custodian for all the immovable assets of the institution like the land, buildings, roads, drains, sewage, water supply system, electrical power system and other utilities. Dean P&E along with project office team takes care of the maintenance & documentation of institute assets and also ensures for cleanliness & green campus.
- Head of the department (HoD) along with his faculty & staff takes care of dynamic execution of all academic, research & student activities at ground level in the department as per the institute policy decisions approved by GB & AAC with transparency & accountability at each level of implementation.
- Administrative officer (AO) along with his establishment & accounts team plans for periodical meetings of Administrative Committee, Governing Body and Finance Committee and also monitors faculty & staff attendance & other financial matters under the supervision of principal.
- Senior faculty are actively involved as Professor/ Faculty Incharges for various Academic & student support centers include Entrepreneurship Development Centre (EDC), Industry Institute Interaction Cell (I³C), R&D cell, Industrial Consultancy Cell (ICC), Higher Education & Student Counselling (HESC) cell, Library Advisory committee (LAC), Alumni Affairs & External Relations (AA&ER), IQAC, Student activity center (SAC) clubs, Innovation & Incubation Centre (IIC), Centre of Excellences (CoEs), Professional students' bodies/chapters, College Management System (CMS), Campus Networking & Internet (CNI), CourseWeb (CW), Website Maintenance cell (WMC), Solar Power Plant Maintenance Cell (SPPC), SC/ST cell and SAHASRA Women cell. Faculty nominated in other statutory committees such as Grievance Redressal committee (GRC), Class review committee (CRC), Hostel committee, Anti ragging committee and Anti sexual harassment cell helps

		<p>administration to address student issues & grievances. Nomination of the faculty & students is purely based on the academic achievements and passion to work with interest & great enthusiasm in an efficient manner to execute all academic & student activities. Faculty & students nominated in various cells/ committees are responsible to ensure that the planning and activities are carried out by providing leadership and efficient management to achieve the institution's goals and objectives of developing students with skills that are holistic. Faculty & students are active participants to ensure that the scope defined for these committees are fulfilled and there is absolute harmony in the Institute. Every student activity enables them to address the needs of the industry irrespective of the challenges that they would face while on their profession/ entrepreneurship or any occupations they would pursue. Multiple functions assigned to the faculty & staff members has been in practice at the institute for decades and the best practices of various committees/ cells are reviewed periodically and systematic procedures are adopted & evaluated to ensure that the academic ecosystem is not disturbed on any day.</p>
	<ul style="list-style-type: none"> Mechanism / Norms and Procedure for Democratic / Good Governance 	<p>KITS demonstrates a strong commitment to excellence in Institutional Mission and Purpose. The Academic Committee and the Governing Body set and support Goals for the Institution and also give the Strategic direction on planning and resourcing as well as setting the ethos and style of Institutional Practice. The Management periodically reviews on the Strengths and Weaknesses and the Willingness to improve. The determination is to strive for the highest standards of achievement.</p> <p>The Strategic Choices the Management of the Institute identified for its positioning are:</p> <ul style="list-style-type: none"> To become Global on Institutes Own Standing To Partner with Global Universities / Institutes in search of Brand Name To maintain Unique identity by promoting

Research and Innovation

To become differentiator in the context of Pedagogic approach, Leadership in new frontiers.

To support our Strategic Choices in achieving excellence we have been strengthening our Academic Infrastructure on various functions of the Institute. The most important Areas are:

1. Regulation:

KITD at the outset complies with the Quality and Quantity of the AICTE, UGC and Affiliating University Guidelines while structuring the Education and Administrative Systems and at the same time keep its focus on Outputs and Development along side of Inputs and Control.

2. Governance:

The Institute practices Ethical standards, Openness and Transparency in the Governance and to implement these respective Committees, Councils, Centres and other such Advisory and Academic Committees have been established along with focus on other Areas of the Educational Model as stipulated by AICTE and UGC Guidelines. These include:

Involvement of Governing Body

Academic Council

Academic Advisory Committee

Board of Studies

Industry Institute Interaction Cell

Research and Development Cell

Entrepreneur Development Cell

Placement Cell

Finance Committee Industrial

Consultancy Cell

Alumni Affairs & External Relations Cell Institute

Data Centre

Educational Technology Cell

Internal Quality Assurance Cell

Higher Education & Student Counseling Cell

Website Support Cell

Course Web

College Management Software

Campus Networking and Internet

The most important cornerstones of any educational set-up are the Faculty in terms of its Adequacy, Composition, and Quality. KITS is comfortable in all the three dimensions. The Institute has the Core Faculty to teach the respective Subjects and there is no dependence on the outside visiting Faculty. Student to Faculty Ratio is in compliance to the Regulatory norms which is 1:15. We have a comfortable Faculty Structure in terms of Ph.D. to Non - Ph.D.

The Environment in the Institute is informal and experiential where Faculty is playing the role of Facilitators rather than Conventional Teachers as it is believed that that Student in such an environment are expected to learn more through reflection and assimilation of Ideas / Concepts and Application of

Theory to solving Real-Life issues than mere understanding of Tools and Techniques. Teachers in such a setting are expected to facilitate process of Learning compared to teaching what they intend to.

The Institute has been promoting collegial atmosphere expected in an Educational Institutions; Emotional Bondage between Teachers and Students is strong and the Teachers are considered as Mentors, Coaches and Counsellors.

3. Content, Curriculum and Process of Delivery:

KITS with respect to Content and Curriculum is focused on What is taught and how it is taught. The importance of Content and Curriculum is at the highest Pedestal. The emphasis is on the three important Components of the Content and Curriculum

which are Quality, Relevance and Flexibility. The first two are an absolute necessity to ensure quality education; the last one is assuming importance in the emerging world where change has become ultimate reality. At KITS the Course Content integrates Innovation Incubation Research Entrepreneurship (I²RE) into course teaching.

4. Quality Parameters:

The Regulators primarily focus on Input aspects and that too Quantitative Parameters like number of Faculty and required quantum of Infrastructure. The Institute strictly and sincerely comply to these Guidelines and also lays emphasis on ensuring quality in developing the Students holistically to become acceptable by the Industry and Society. The globally prevalent mechanism of enhancing quality through self-regulation and accreditation which is the need of the hour is a practice at the Institute.

5. Faculty Development and Research:

Research & Development (R & D) Cell aims at motivating, monitoring and developing quality research in the institute. It is positively working on collaborative R & D projects and entering MoUs with industries. It also promotes creativity, research and innovation among the student community.

To encourage research among the faculty, the institute has the facility of gaining study leave, reimbursing a part of the expenditure incurred in establishing the experimental set-ups for their research and deputing the faculty to national/international conferences with complete registration fee, TA & DA. A separate provision is also made in budget for R & D.

Industrial Consultancy Cell

A full fledged Industrial Consultancy Cell has been in existence to extend the consultancy services offered to various government and private organizations. The Cell aims at building up better Industry-Institute interaction by expanding the consultancy network of the departments,

providing a platform to train the undergraduate & postgraduate students to face the real field problems and transferring the technology from academicians to field personal and vice-versa. It has proposals to organize Seminars, Workshops and Training camps for practicing engineers to update their knowledge. Efforts are being made to provide quick and quality consultancy services as per standard norms and procedures.

INDUSTRY INSTITUTE INTERACTION CELL (IIIC)

The Industry Institute Interaction Cell (IIIC) of the institute focuses on interacting with the industry to bridge the gap between the academia and industry. KITS Warangal has been honored with yet another distinction, in the form of institutional member of Confederation of Indian Industries (CII) under College Excellence cluster. Under this program, the faculty is trained in the industries and industrial visits and internships are facilitated for students. CII also organizes CEO speak sessions/ and guestlectures at institute, to enhance industry awareness among students & faculty. The other significant programs initiated by industry on campus include: Oracle - Workforce Development Program (Certification Training Program), IBM - Power Academy Program (DB2 Certification Training Program), Infosys - Campus Connect Program (Foundation Program, Soft Skills), Microsoft - Academic Alliance (MTA.net Certification Training Program) and Jawahar Knowledge Centre (JKC) Programs - an initiative of Govt. of A.P. (Mock Placement tests, Off-campus Placements, Training on Soft Skills, Certification Programs).

INTERNAL QUALITY ASSURANCE CELL (IQAC)

The Internal Quality Assurance Cell (IQAC) of the institute records and monitors the quality measures of the institution. It also disseminates the information on quality aspects. It has a rich tradition of bringing out an Annual Report on institutional performance, consisting of the activities rolled out, achievements of faculty and students in terms of academic results, innovation, R & D, Publication, Workshops/ Seminars / Conferences, Training & Placement related information etc, in order to introspect the organizational performance and for future strategic planning.

ALUMNI AFFAIRS & EXTERNAL RELATIONS (AA & ER) CELL

The Alumni of the institute are a matter of extreme pride to the institution and are key contributors to the development of the institute. In-service performance of our alumni is well appreciated by various national and multi-national corporates and some of them are rewarded by Govt. of India with President Awards. The office of Alumni Affairs & External Relations (AA & ER) strives to involve alumni as a stakeholder in the strategic planning for the institute and take their help in student mentoring, promote research & consultancy relationships between faculty & alumni.

Higher Education & Student Counseling Cell

Higher Education & Student Counseling Cell (HESC) is conceived with an objective of career guidance and student counseling for Higher Education in India or in Abroad. The major activities of the cell are

Collection and dissemination of information regarding PG programme in foreign and Indian universities.

Students counseling and Career guidance for

		<p>Higher Education</p> <p>Identification of the University/ Institute both in India and Abroad</p> <p>Lending Books / Compact Discs related to Competitive exams like CAT, GATE, IES, GMAT, TOEFL, IELTS and GRE etc.</p> <p>Identifying the weaker students in each class and conducting extra classes for them to improve their performance.</p>
	<p>Student feedback on institutional Governance / Faculty performance</p>	<p>Student counseling & Students' feedback is made as an integral part of education system at KITSW for the benefit of student community. Faculty counselor is attached to 4 to 5 students (counselees) of each class/ section to help students to overcome the difficulties as part of his UG/ PG course of study. Student is given true freedom to interact with his faculty counselor at any time to express his/ her interest or personal problems (if any).</p> <p>Students' feedback on academic facilities provided and on course teacher performance is taken twice in semester, with a primary objective to utilize the students' feedback for improvement of academic teaching & learning resources and also to help the course faculty in identification of their strengths and weaknesses as part of their teaching and evaluation procedures.</p> <p>The Students' feedback from every class /year / section is taken in a very confidential manner through the Class review committee (CRC) meetings and through online feedback twice in semester. CRC consists of HoD, Senior faculty and student class representatives (CRs). The student CRs are nominated by the HoD to take a view from all the students from different profiles and normally consists of the Toppers in the class, Students with average marks and Students securing low marks, Students with good attendance.</p> <p>The Class review committee (CRC) that undertakes this process of faculty evaluation</p>

ensures for academic integrity, transparency & accountability. The students' CRC feedback is obtained through personal interaction/ meeting and also by questionnaire through online on all theory, practical / laboratory courses of respective semester. Students are advised to share their experiences in confidence as their identity would be kept undisclosed. The CRC feedback is taken in detail on the parameters outlined below and the questionnaire is analyzed and further a Minutes of meeting (MoM) is prepared. The Parameters that are set forth before the student CRs/ students with regard to the faculty performance are:

- a) Organization and preparedness for the class
- b) Promptness in conducting classes
- c) Appropriate use of using different teaching aids (PPT, White Board etc.)
- d) Clarity in presentation
- e) Communication effectiveness
- f) Recommends additional learning resources (Books, Periodicals, Websites, Journals, Conferences etc.,)
- g) Provides timely feedback on Students' performance
- h) Creates comfortable learning environment for the students
- i) Encourages Extracurricular activities (SAC & Professional Activities etc.,)
- j) Helps and counsels on the subject and is available for after class consultations
- k) Interacts and encourages students to ask questions/active participation
- l) Maintain discipline in the class
- m) As a Role model

Feedback assessment report made on strengths and weaknesses of the course teacher can be viewed by the course teacher for further improvement of his teaching & subject expertise based on the feedback. The

		<p>course teachers, who have not performed well, will be given a wide opportunity to improve their skill sets and teaching methodologies by attending technical & teaching courses through FDPs/ STTPs/Workshops/ online SWAYAM MOOCs.</p> <p>At KITSW, the results of such CRC feedback assessment helped to:</p> <p>(i) Determine whether the techniques adopted in teaching are having the desired impact on students learning</p> <p>(ii) Monitor whether the teaching Strategies meet course learning outcomes</p> <p>(iii) Identify challenges that students are having in learning the course material</p> <p>(iv) Improve instruction by transforming best teaching practices during the semester</p>

	Innovation Cell	<p><i>Innovation Cell</i> <i>(Institution's Innovation Council)</i></p> <ol style="list-style-type: none"> 1. Incubation Centre (Discussion Room-1 & 2). 2. Incubation Centre Pitching Hall. <p>The institute has a full-fledged Innovation Incubation Center and it is able to provide innovative environment to our young budding engineers. By organizing various events good number of innovative ideas, are invited, that have potential to be incubated and turn them out into business opportunities.</p> <p>The institute is granted with 'Institution's Innovation Council (IICs)' by Ministry of Human Resource Development (MHRD), Govt. of India. It has established 'MHRD's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while</p>
		<p>they are informative years. A network of these IICs was established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses.</p> <p>Major focus of IIC</p> <ol style="list-style-type: none"> 1. To create a vibrant local innovation ecosystem. 2. Start-up supporting Mechanism in HEIs. 3. Prepare institute for Atal Ranking of Institutions on Innovation Achievements Framework. 4. Establish Function Ecosystem for Scouting Ideas and Pre-incubation of Ideas. 5. Develop better Cognitive Ability for Technology Students.
