Dear Senior Students,

Greetings from the Management, Faculty & Staff...

On behalf of the management, faculty & staff, I am addressing you to make an earnest appeal against ragging at our institute.

Ragging has been plaguing our education system for decades. The most interesting statistic is that ragging in educational institutions is prevalent only in INDIA and SRI LANKA.

The Hon'ble Supreme Court of India prescribes strict legal and punitive action on acts of Ragging which includes imprisonment upto 7 years and fine.

Friends! You know ours' is one of the rated engineering colleges in India and we all must bear the sense of responsibility to uphold our institute's image. Any anti-social activity or ragging has no place in this KITS. Hence you are advised not to indulge in ragging and also to discourage other students from indulging in any such activity.

Ragging has no place in our culture and also in a civilized society. Honorable Supreme Court of India, in its order has made it mandatory for all educational institutions to report ragging incidents to the local police and has stipulated that exemplary punishments be given to those indulged in this heinous activity.

Hence, You are expected to behave as responsible citizens and be accountable for your actions. We, the management, faculty & staff, are eagerly looking for your bright future and tirelessly working on how we can realize the hopes and dreams of your parents.

Dear student friends! All of you submitted two copies (Police Station Copy/ Institute copy) of signed undertaking along with your parents at the time of registering for this academic year stating that if found guilty of ragging, You are liable for punishment, without prejudice to any other criminal action that may be taken against you under any penal law or any law for the time being in force.

Through this letter, I wish to tell that all of you must realize that you have some moral duties towards this institute and must come forward to help in establishing a ragging free and congenial environment for the newcomers.

Dear friends, Your career is very important to you, your parents and to us. I urge not to waste your energies on this inhuman activity which leads to complete violation of human rights, and instead focus on your career.

Let's all collectively work to respect humanitarian values and set trends to say NO to RAGGING.

In this regard, I seek your cooperation and request my beloved Senior Students to feel free to contact me to discuss any problem or to convey any idea in making KITS a "RAGGING FREE CAMPUS".
