CENTRE FOR INNOVATION, INCUBATION, RESEARCH & ENTREPRENEURSHIP (C-i²RE)

Robo Expo

Date: 25th November 2023

Time: 1:30 PM

Speakers: Himashree , Varun Venuganti

Venue: Iot lab, i²re block

Kakatiya Institute of Technology and Sciences (KITSW) radiated with an entrepreneurial energy, as it recently hosted the event titled "ROBOT EXPO 2023: UNVEILING THE FUTURE OF ROBOTICS." This event, meticulously organized by the Student Alliance for Innovation and Leadership (SAIL) under C-i²RE, delved into the exploration and contemplation of the future of robotics. During her address, the esteemed chief guest, Himashree Desai, commended the initiative and accomplishments of the SAIL club under i²RE for fostering a vibrant startup culture within the college. She emphasized the tremendous opportunity it presents for students and encouraged them to consider venturing into entrepreneurship. Responding to a lively Q&A session, both chief guests, Varun Venuganti and Himashree Desai, skillfully addressed up to 15 queries, sharing their experiences and offering valuable guidance. Following the interactive session, the speakers showcased a variety of robots crafted by the KitOLit team. The students, organized in groups of 5-7, eagerly observed the robots, asking insightful questions about their functioning and practical applications. The enthusiasm in the room underscored the event's success in engaging and educating students about the intricacies.
