Sub: *Compliance report on academic audit – External members-Reg.*
Ref: *IQAC-KITSW academic audit on 2nd -3rd September 21-reg.,*

We are happy to inform to you that the Internal Quality Assurance Cell (IQAC) of institute conducted academic audit of various departments and sections on 2nd -3rd September 2021.

During the academic audit, we were focussed on the department's/section's performance in the areas of core academic activities – curriculum, teaching, students' performance, Research & Development and interaction with industry.

The committee had reviewed the performance of academic activities of 9 departments and 4 sections. Based on our observations, here with we are presenting the following recommendations for enhancing the quality of academics, research and other activities at your institute.

IQAC

1. Redesign the IAQC Internal audit form to meet the institute goals, AICTE/UGC, NBA norms
2. Suggested to conduct training programs on objectives of IQAC, Importance and role in accreditations and quality improvement, drafting of SWOC and best practices as per college vision and mission

DEPARTMENTS/SECTIONS

1. HODs typical remarks are missing on respective quality questions in academic audit form. IAQC – audit demands complete information must be provided in the IQAC form may be concisely to better auditing.
2. Maintain Faculty and student ratio, cadre ratio as per AICTE norms for UG and PG Programs

3. Each department/section should write strategic planning at the beginning of the academic year to maintain balance between academics and research
4. Objectives, outcomes and issues resolved must be mentioned in all CRC, MSE and ATR minutes
5. Mention the Purpose and Procedure to decide makeup, remedial, revision and its impact analysis.
6. Provide details of UG and PG workload allotment on faculty cadre basis as per UGC/AICTE norms in all programs.
7. Indicate the specific issues raised by students and other stake holder in feedback and its resolutions and follow up.
8. Counseling system is good. Provide counselor interaction details, duration, period, and student benefits and follow up.
9. Suggested to all departments should redraft SWOC, Best Practices, Short-term and long-term goals to focus and meet to Academic and Industrial Research /College vision and mission
10. Suggested to enhance the faculty deputations to attend FDP/Conferences
11. Increase Research facilities at institute level for Ph.D. pursuing faculty as more than 30% are pursuing and instruct to publish one SCIE paper per academic year or text or reference book or DST project
12. Faculty credits may be quantified in terms of h Index, Citations, i-10 index, performance and qualification index, as per accreditation regulations
13. Dean R&D should publish a research bulletin periodically to highlight the Research outcomes of the college in terms of publications (SCIE, SCOPUS, WOS) and Projects (Govt. funding, Industry Sponsored), and Patents (commercialized, granted, filed) and student innovations
14. Academics and placements achievements are good. Research outcome/outreach of all the Department is not appreciable as good as in academics and placements
15. Departments should conduct more extension activities in every academic year.
16. Departments should organize academic programs sponsored by industry.
17. Departments may plan to offer customized programs to working professionals through online/offline mode

18. Academic Collaborations/MoUs at national and international level, need to be improved
19. Institute should find a mechanism to increase National/International students' admissions
20. Suggested to review and procure library books of volumes, titles, journals, references, and others as per AICTE norms
21. Alumni resources may be efficiently utilized for further improving research activities
22. Encourage commercially viable patentable research environment
23. Faculty advised to apply other funding agencies to strengthen the R&D activities at the institute level
24. Suggested to start consultancy with minimum revenue generation in all departments
25. Suggested to organize more workshops/FDPs in association with Alumni/industry resource persons in line with Industrial need
26. Suggested to increase the number of alumni interactive sessions
27. Circuit branch placements are good. Increase the placement ratio in core jobs and core branches

D. Best Practices, SWOC Analysis, Shot Term and Long-Term Goals:

Best Practices of the Department
<ol style="list-style-type: none"> 1. Department of Civil Engineering Publishes two newsletters per year. 2. Department of Civil Engineering Publishes one technical magazine per year among which AAKRUTHI a student technical magazine is exclusively published by the students of civil engineering. 3. Faculty of Civil Engineering encourages students to attend conferences and publish technical papers. 4. Department of civil engineering monitors each and every final year student in Major project hours and helps in completing the project in time 5. Department of Civil Engineering organizes Parents meet with the parents of students who have Backlogs and shortage of Attendance and helps them get through. 6. Every week there will be a guest lecture from prominent people in the society during Civil Engineering Association Hour (Every Monday- 12:05pm to 1:05pm) 7. Faculty of Civil Engineering impart awareness and social responsibility to students (explaining about social mingling, environmental hazards, pollution control like no use of Plastics in day-to-day life) as a part of regular Academic schedule. 8. Mission Go Green Initiative- Sewage Treatment plant and Roof Top Solar Power plant is Designed and Executed by the Faculty of Civil Engineering. (Dr.L. Sudheer Reddy Dean P&E, Professor.)

9. Most of the Students publish their research work with faculty in peer reviewed Journals.
10. The Faculty and Students of Civil Engineering are trained such that less resources are utilized in their activities (using minimum lights and Fans in classes and staff rooms, switching off Lights and Fans when not in use, avoiding plastic goods etc.)

SWOC Analysis of the Department

- **Strengths:** Industrial Consultancy Cell- Civil Engineering is a jewel in the college providing services to public and private sector and generating revenue to the college.
- Mission Go Green initiation and implementation from the department
- Ethical and dedicated faculty, most of the faculty in the department are Alumni of the college.
- Spacious laboratories with all equipment.
- Culture of encouraging faculty to go beyond the syllabus, and students to work things out independently;
- Culture of encouraging our best students to stay within academics and research.
- Culture of encouraging research in students by giving Best Student Project awards.
- Frequent Industry interaction with students, Field visits and practical and application-oriented teaching.
- Diversity in teaching – providing guest lectures from prominent people like NITs,

<p>IITs etc.</p> <ul style="list-style-type: none">• Conducting National level technical symposia and conferences every year to encourage research and skills among students and faculty.
<ul style="list-style-type: none">• Weakness: Contents beyond the syllabus is minimal.• Only 12 People out of 30 has Ph.D.• Contribution of project outcomes to conferences is few.
<p>Opportunities:</p> <p>(iii) Changing syllabus to make it more flexible and modern;</p> <p>(ii) improving computational facilities;</p> <p>(iv) introducing undergraduate research;</p> <p>(iv) encouraging research by faculty members;</p> <p>(v) using online resources to supplement traditional teaching methods.</p>
<p>Challenges:</p> <p>(vi) Effectively teaching a heterogeneous group of students;</p> <p>(ii) keeping students focused in the face of increasing competition in every sphere;</p> <p>(vii) providing useful career advice to students;</p>

(viii) ensuring that all students graduate with the competence and maturity expected of an educated person in society.

Short Term Goals of the Department	
<ul style="list-style-type: none"> To strengthen Industry relationship for exposing students to practical aspects and field practices associated with construction industry. 	<ul style="list-style-type: none"> Industry visits Internships Industry in house training
<ul style="list-style-type: none"> To improve teaching learning process of the faculty by conducting /participating in AICTE/UGC/self sponsored seminars in the department. 	By conducting One FDP's/ Seminar per year.
<ul style="list-style-type: none"> Stage wise Modernization of labs. 	To modernize Soil Mechanics, Geology, MT lab by replacing old equipment.
<ul style="list-style-type: none"> To inculcate professional ethics among the students by forming groups to address societal issues. 	Swatch Bharath summer internships. Forming Road Safety Groups in association with IRSC (Indian Road Safety Campaign.)
Long Term Goal of the Department	
Long term goal: <ul style="list-style-type: none"> The department is planning to establish a research centre for Research and development in Civil Engineering. Expansion of the infrastructure, full-fledged undergraduate research centre with both theoretical and experimental wings, making lectures available online. Action Plan: <ul style="list-style-type: none"> The Department has already started to modernize and expand laboratories. 	

Overall Suggestions / Remarks by Department Academic Audit Committee Members:

HOD Typical comments/remarks are missing in IQAC Academic Audit form
Indicate meetings/ATR with objectives and issues resolved
Purpose and Procedure to decide makeup, remedial, revision and its impact to be mentioned in each session
Include counselor interactions, duration, periodicity, student benefits, impact in student counseling register
Maintain faculty cadre ratio as per AICTE norms
Redraft SWOC, Best Practices, Short and long term goals to focus on Academic and Industrial Research
Encourage students to take more online courses
Suggested to submit proposals to other funding agencies to enhance the research activity
Increase the number of alumni interactions/industrial resource persons
Suggested to organize workshops in association with industry/alumni as resource person

D. Best Practices, SWOC Analysis, Short Term and Long Term Goals:

Best Practices of the Department

A) Society for Automotive Engineers (SAE) India KITS Collegiate Club:

- SAEINDIA is India's leading resource for mobility technology. As an individual member-driven society of mobility practitioners the ownership of SAEINDIA wrests with its members who are Individuals from the mobility community, which includes Engineers Executives from Industry, Government Officials, Academics and Students
- Established this club in the Year 2008 to expose students to various technical aspects of Automobile Industry.
- Designed All Terrain Vehicles under SAE BAJA Competitions.
- Participated in Virtual BAJA Competitions.
- Bagged Eight Prizes at National Level in last decade.

B) Frequent interaction of prominent alumni (Entrepreneurs / scientists / academicians / businessmen) with students under MESA.

SWOC Analysis of the Department

Strengths:

1. Well qualified and experienced faculty with doctoral degrees.
2. Faculty research publications in peer reviewed reputed journals -SCI/SCOPUS/WOS.
3. Department is equipped with 13 Laboratories including Central Workshop and separate CAD lab with necessary software and fairly good experimentation facilities
4. Recognized Research centre by Kakatiya University, Warangal
5. Accomplished and well settled alumni in various domains in India and abroad
6. Skilled and experienced supporting staff
7. Conduction of various activities like workshops, technical symposium, co-curricular activities by MESA for students.
8. IAAH Project: Centre of excellence, doing Collaborative work with University of Pittsburgh Medical Centre (UPMC) to design, manufacture and market a Total Artificial Heart (TAH).
9. Good faculty retention ratio.

Weakness:

1. Advanced research facilities
2. Funding for research activities
3. Industrial consultancy work
4. Funded research projects
5. Intellectual property rights

Opportunities:

1. New disruptive and industry oriented courses and laboratories.
2. Strengthening of advanced research facilities
3. Project proposals to UGC, DST, AICTE and other funding agencies
4. Placements in core industries.

Challenges:

1. Quality of intake students and large variation in ranks of the students
2. 100% admissions in B. Tech(Mechanical Engineering) and M. Tech(Design Engineering) programs
3. Trend towards admission in circuit branches
4. Compete with premier institutes in research and technical education
5. Industrial consultancy and industrial development
6. Socio-economic development of this region

Short Term Goals of the Department

1. Establishment of Robotics Lab
2. Modernization of Metallurgy Lab
3. Establishment of Gas Turbine Lab

Long Term Goal of the Department

1. To promote Industry oriented research and consultancy work.
2. To obtain patents in the areas of Mechanical and allied research.
3. To Collaboration with premier institutions in India and abroad.
4. To purchase SEM equipment and Vibration analyzer
5. To purchase Infrared camera and high speed visualization camera for Heat Transfer Analysis
6. To purchase kd2 flow thermal analyzer and Sonicator with booster for performing nano fluid analysis

D. Best Practices, SWOC Analysis, Shot Term and Long Term Goals:

Best Practices of the Department
<ul style="list-style-type: none"> • Strong student mentoring system • Department News Letter and Magazine are published biannually • College Management System to monitor student attendance and performance • Group learning is encouraged through various activities of E & I Engg Association • Student internships are encouraged • Frequent alumni interactions and expert lectures are arranged • Students are trained in core areas to support placement drives • Students are encouraged to take up projects related to social concern • Certification courses are regularly offered by the department under centre of excellence- NI LabVIEW Academy • Higher education assistance is provided to students • Additional measures to improve the performance of weak learners • Separate counselling for girl students • Regular industrial visits are arranged • Workshops and FDPs are organized on emerging fields of engineering • Technical and cultural FESTs are organized annually

- Students are encouraged to enrol in NCC/NSS and various professional bodies
- Various technical events are organized under IEEE/IETE/ISTE student

SWOC Analysis of the Department

Strengths:

- The Department has a “Research Centre” recognized by the Kakatiya University, Warangal and runs a doctoral programme leading to Ph.D degree.
- Research Scholars are working in various diversified fields of Electronics and Instrumentation Engineering, such as Virtual Instrumentation, Biomedical instrumentation, Signal Processing, VLSI and Embedded Systems, etc.
- Department has state of the art laboratories such as Virtual and Bio medical Instrumentation Lab, Electronic-CAD Lab, Process Control Lab, Microprocessors and Microcontrollers Lab, etc.
- B.Tech. program is accredited by the National Board of Accreditation (NBA), New Delhi.
- The department has strong support from Alumni, working in various premier institutes and top class industries. EIE alumni have funded Project works laboratory of the department for a worth of 8 lakhs. Prominent Alumni include:
 - Dr. V. Ramgopal Rao (Batch 1982-86), Professor & Head, Nanotechnology division, IITB, Bombay
 - Sri Ashuthosh Rana (Batch 1981-85), Founder & CEO, ACTIFIO. Inc, Hyderabad
 - Dr. T. K. Sai (Batch 1982-86), DGM (Operations), NTPC, Ramagundam
- The Department has highly qualified, committed & experienced faculty and dedicated technical & supporting staff.
 - Faculty of the department has expertise in various diversified fields like Biomedical Instrumentation, Signal Processing, Embedded Systems and VLSI.
 - Faculty members are actively involved in research activities and have good number of research publications to their credit.

<p>Weakness:</p> <ul style="list-style-type: none"> Majority of the students admitted into the UG program are from rural background with less exposure and poor communication skills.
<p>Opportunities:</p> <ul style="list-style-type: none"> The students have opportunities in Industries related to Power, Textiles, Cement, Petrochemicals, Pharmaceuticals, Chemical, Food processing, VLSI, Signal processing, Optical & Laser based communications, Wireless communications and Embedded Systems etc. Department faculty has wide scope for carrying research projects.
<p>Challenges:</p> <ul style="list-style-type: none"> Core placements and Higher Education in Electronics specialization and are the two major challenges faced by the department.

Short Term Goals of the Department	
<p>Short term goal1: To strengthen research activity in the area of Biomedical signal processing and Instrumentation in collaboration with renowned educational institutes and specialized hospitals.</p>	<p>Action Plan: Research scholars and other faculty who are working in the area of Biomedical signal processing and Instrumentation are advised to identify and establish contact with renowned educational institutes and specialized hospitals and organize FDPs, Workshops</p>
<p>Short term goal 2: To strengthen research activity in the area of VLSI in collaboration with renowned industries.</p>	<p>Action Plan: Research scholars and other faculty who are working in the area of VLSI are advised to identify and establish contact with relevant industry experts and organize FDPs, Workshops in the area of VLSI</p>
Long Term Goal of the Department	
<p>Long term goal: To focus on more number of Research projects in collaboration with industries and Consultancy services.</p> <p>Action Plan: To prepare good number of project proposals by taking the guidance of experts in the concerned fields and to approach Consultancy Services if required.</p>

Academic Audit for A.Y. 2019-20

Overall Suggestions / Remarks by Department Academic Audit Committee Members:

HOD Typical comments/remarks are missing in IQAC Academic Audit form
Indicate meetings/ATR with objectives and issues resolved
Purpose and Procedure to decide makeup, remedial, revision and its impact to be mentioned in each session
Include counsellor interactions, duration, periodicity, student benefits, impact in student counselling register
Maintain faculty cadre ratio as per AICTE norms
Redraft SWOC, Best Practices, Short and long term goals to focus on Academic and Industrial Research
Encourage the students to take more online courses
Suggested to submit proposals to other funding agencies to enhance the research activity
Increase the number of alumni interactions/industrial resource persons
Suggested to start consultancy with minimum revenue generation

D. Best Practices, SWOC Analysis, Short Term and Long Term Goals:

Best Practices of the Department

1. Counseling (Mentorship) Program.
2. Stakeholders Involvement.
3. Skill and Employability Enhancement for Students

SWOC Analysis of the Department

Strengths:

- Well qualified, experienced and dedicated faculty with good retention.
- Good infrastructure with well equipped labs and facilities.
- Continuous monitoring and counseling of students for the overall improvement of the students and to discuss their problems regarding academics and other facilities.
- Department organizes FDP's /Training to faculty & guest lecturers to students periodically.
- Significant number of meritorious students are taking admission and the quality of the enrolled students is improving every year.
- Placement Training, Personality Development programme, professional development activities and value added programmes are conducted for students' career development.
- Good placement record.
- Remedial and Makeup classes are being conducted to improve the students performance

Weakness:

- Research laboratory has to be established.
- Department has to get grants from reputed organizations.
- More number of faculty have to complete their Ph.D's.
- R&D and consultancy need to be enhanced.
- Appoint adjunct / visiting professors from Industry/academia.

Opportunities:

- Motivating the faculty members in publication and research.
- To organize more Workshops in the department for students and faculty to impart the knowledge and hands-on experience on latest technologies & tools.
- To motivate students to be successful entrepreneurs.
- Since department is having young and energetic teaching fraternity, there is a lot of scope for research work. Department can try to generate funds from consultancy work and provide hands on experience to the students.

Challenges:

- Updating of curriculum according to the industrial expectations.
- To groom the students ready to cope up with the industry needs.
- Motivating the students to attend Summer Internships to get an exposure to the corporate world.
- To get funds/ grants from funding Agencies.
- To concentrate on improving the soft skills and technical skills of the students as most of the students are from rural background.
- To sign MoUs with companies to have collaborative domain & specific training programs.

Short Term Goals of the Department	
Short term goal 1: To improve students placements	Action Plan: 1. During association hour, we are planning to conduct motivation sessions with already placed students in different companies. 2. To conduct special classes on Saturday's to improve technical skills of the students. 3. To invite eminent speakers from industries for delivering guest lectures on latest.
Short term goal 2: To Motivate students to publish their Mini and Major Project in reputed international journals and conferences	Action Plan: 1. Integrating Innovation Incubation Research and Entrepreneurship(I ² RE) into course teaching by giving special assignments on Course Patents and Course Research Paper
Short term goal 3: To conduct National/International Conference in the department	Action Plan: 1. Process Initiated to organize National/International Conference during next academic year
Long Term Goal of the Department	
Long term goal: Encourage the faculty <ul style="list-style-type: none">• To complete Ph.D. Programme.• To publish research papers and claiming patents.• To acquire research grants. Action Plan: 1. Motivating faculty to apply for research grants every year. 2. Regular monitoring of research progress of individual faculty. 3.Planning to organize research talks by experts to improve effective research capabilities.

D. Best Practices, SWOC Analysis, Shot Term and Long Term Goals:

Best Practices of the Department
<p>The following are the Best Practices by the department of Electronics and Communication Engineering (ECE)</p> <ol style="list-style-type: none"> 1. Organizing series of International Conferences (1 per year). 2. Department newsletter (Frequency of publication: two per year). 3. Department technical magazine (Frequency of publication: one per year). 4. Mentoring of the students for their academic excellence and all-round development with continuous counselling by the faculty. 5. Industrial interaction and field visit by 3rd year students with faculty team. 6. Industrial visits by the individual faculty members to establish industrial interaction. 7. Financial support to the students for realizing real time projects. 8. Nurturing diversified skills of students by conducting different activity, interactive sessions, and lectures in department association hour. 9. Cultivating self-learning ability in students and faculty by encouraging registration in certification courses like NPTEL, RPA, short-term training programs, online courses, etc.

SWOC Analysis of the Department

Strengths:

- Qualified, experienced and dedicated teaching faculty with good retention ratio.
- Frequent revision of the syllabus by incorporating feedback from stakeholders to meet the growing interdisciplinary approach in the teaching-learning process.
- Laboratories with state of the art equipment and modern software tools.
- Continuously accredited with NBA
- Student centric functioning with mentoring, counselling through teachers and Effective academic monitoring.
- Effective use of ICT in teaching learning process.(Centralized e-class having a computer, LCD, overhead and OHP projector.)
- More than 100 placement offers from reputed companies annually.
- Special care, attention, and counselling by faculty to meet the diversified needs of students with diverse background.
- Adjusting to pressures of growth
- Student support services as the most prominent strengths.

Weakness:

- Dept R&D Centre
- Less number of faculty with PhD guide ship
- Less number of R&D and consultancy funding
- Match between research expectation & support
- Lack of flexibility in introducing innovative and job/entrepreneurial development degree program.
- Student preparedness towards various entrance exams
- Lack of strong, pervasive presence in the external community
- No faculty exchange programme
- Lack of student and staff joint research publications.
- Involvement of alumni at department level is less.

Opportunities:

- Developing consultancy
- Focusing on water and energy saving issues.
- Department can strive to receive grants for research/ consulting project from bodies like UGC, AICTE, DST, DOE etc
- R&D collaboration with universities, central & state organizations in India and Abroad
- Industry tie-ups and joint research
- Faculty and students exchange programmes can be started
- To arrange more number of FDPs /STTPS/ National Level /International Level conferences.

<p>Challenges:</p> <ul style="list-style-type: none"> ➤ Development of advanced teaching & learning methodologies and evolution ➤ Due to the poor economic background of the locality, it is difficult to open self- financed job oriented courses. ➤ Enhancing number of students opting for entrepreneurship. ➤ Constant changes to technology ➤ Need to generate income from alternative sources ➤ Due to Covid-19 epidemic, Global recession may hamper placement opportunities for students. ➤ Supporting the institution for becoming deemed University ➤ More placements in core companies.

Short Term Goals of the Department	
Short term goal 1: To make the students industry ready	Action Plan: By providing in house training to students and updating them with latest technology by taking them on industrial tours
Short term goal 2: To increase the research activity in the state of art fields	Action Plan: All the faculty are to be encouraged to present, publish and chair conferences
Short term goal 3: To be recognized as Research Centre	Action Plan: Application submitted for recognition as Research Centre under Kakatiya University, Warangal and to get approved as a research centre
Long Term Goal of the Department	
Long term goal: <ol style="list-style-type: none"> 1) To be one of the leading department in the field of Electronics and Communication and centre of eminence on par with premium institutes in the country 2) To see that all the faculty in the department are with doctoral degrees Action Plan: <ul style="list-style-type: none"> • To score a good rank in NIRF, NAAC and other technical bodies • To encourage faculty to publish and to attend International conferences, thereby pursue Ph.D's • To sign MOU's with leading institutes of eminence

Indicate meetings/ATR with objectives and issues resolved
Purpose and Procedure to decide makeup, remedial, revision and its impact to be mentioned in each session
Include counselor interactions, duration, periodicity, student benefits, impact in student counseling register
Maintain faculty cadre ratio as per AICTE norms
Redraft SWOC, Best Practices, Short and long term goals to focus on Academic and Industrial Research
Encourage the students to take more online courses
Suggested to submit proposals to other funding agencies to enhance the research activity
Increase the number of alumni interactions/industrial resource persons
Suggested to organize workshops in association with industry/alumni as resource person
Suggested to start consultancy with minimum revenue generation
Suggested to increase the labs for UG and PG programs

Best Practices of the Department (Furnished in AA_DD)

BEST PRACTICES:

- Emphasis on holistic development of students
- Personalized Instruction.
- Encouraging the students to publish minor and major projects in reputed journals.
- Inclusion of soft skills in the syllabus to make students proficient in facing interviews.
- Regular interaction with industry experts.
- CSR activities conducted regularly.
- Alumni interactions for mentoring.
- An environment that facilitates positive student- faculty interaction – specialized advice and mentoring

SWOC Analysis of the Department

Strengths:

- Reputed Institution in the State and Country level.
- Faculty members in the Department either hold Doctorates degree or are pursuing PhD.
- Quality of Teaching Learning Process with the inclusion of I²RE in the syllabus.
- Academically well experienced, trained and dedicated faculty.
- MBA program curriculum is regularly updated taking inputs from stakeholders.

Weakness:

- Telugu medium students and rural students are unable to cope with the dynamic nature of management studies.
- Lack of flexibility in admitting International students to MBA program.
- Impediments in providing industrial internships due to weak industrial presence.

Opportunities:

- Scope to introduce the integrated programmes.
- Increasing trend of engineering students choosing MBA for higher education.
- Partnership with NITW to conduct programmes.
- Scope for Research activity and Research centre recognition.
- Student admission criteria through CAT/MAT etc., to a certain percentage.

Challenges:

- To place all the eligible students
- Heterogeneity in the class becomes a challenge as students are from rural background.
- Attract the top ranking students in future because of increasing competition.
- Enhancing number of students opting for entrepreneurship.

Short Term Goals of the Department

Short term goal 1: To implement the curriculum designed meticulously.	Action Plan: To design a system to keep track of all activities on regular basis.
Short term goal 2: Invigorating professional skills in the students.	Action Plan: To encourage students to participate enthusiastically, in management activities to build professional skills.
Short term goal 3: Contacting the alumni to mentor and advise their juniors	Action Plan: Invite alumni to interact with students and give them current inputs and help in internships

Long Term Goal of the Department

Long term goal: Achieve Organizational Excellence.
Action Plan: To achieve excellence through implementing the curriculum change and develop professional skills.

C. Best Practices, SWOC Analysis, Shot Term and Long Term Goals:

SWOC analysis of the Examination Branch
<p>Strengths:</p> <ul style="list-style-type: none"> ➤ Committed staff and faculty ➤ Exclusive results processing software ➤ Exclusive portal https://www.kitswexams.com/BET%20E-PORTAL/ ➤ Payment Gateway Integration with Billdesk & Payment through Paytm QR code, Payment through APP, Payment through WEB @ paytm.com paytm for online fee payment ➤ In-house question paper setting, valuation ➤ Students can use Debit card/Credit card/Net banking or Paytm login for payment ➤ Digital duplicator (105 ppm) ➤ Integration of QR code in grade sheets, Consolidated Grade Sheet, provisional certificate ➤ Serving society by conducting various competitive examinations ➤ Portal, SMS facility for quick, updated information flow to students and parents

Weakness:

- Insufficient number of rooms for conducting exams
- Insufficient number of Drawing Halls for conducting Drawing exams
- Distribution room is congested
- Insufficient space for storing of ESE and MSE answer scripts

Opportunities:

- Implementation of performance indicators in OBE module

Challenges:

- Non availability of centralized digital data with respect to faculty list
- Non availability of centralized digital data with respect to updated individual time tables
- Non availability of centralized digital data with respect to updated students list and electives opted by the students.
- Not receiving ESE Question papers and Key in time

Best Practices

- On screen valuation
- Course outcome attainment level (COAL), Cognitive Domain Attainment Level (CDAL) Reports
- Online Examination Fee Payment
- Facility to print Online Hall Ticket
- Facility to view the results, when published
- Facility to view overall results of each semester
- Facility to view and download Previous Question Papers of End Semester Examinations through online
- Facility to register for revaluation.
- Facility to pay Re-valuation examination fee online.
- Facility to view the revaluation results, when published.
- Facility to pay online for CMM, PC & OD
- Examination Branch communicating, through SMS, about the status of candidate/parent application like issue of PC, CGS, Transcripts, CGPA to Percentage conversion certificate, Name correction and information regarding fee notifications and examination schedules.
- Examination portal to access all examination information.
- Instant Online fee payment receipt is being provided after successful fee payment for regular/supplementary examination or re-valuation.

- During parents visit / interaction, quick updated consolidated grade sheets information, up to the current semester is being provided.
- Examination Branch communicating information to parents regarding absent of their ward to the examination, if any, through SMS on the day of every examination. .
- MSE question paper templates are provided
- A separate mid semester question paper printing slot is given to the faculty members to optimize their time and also to acquire the question papers well in advance and to store under the control of Addl. Controller of Examinations / Prof. I/c of Examinations.
- 105 ppm digital duplicator is purchased to cater the needs and to save the faculty time.
- Report pane is provided to save faculty time
- Continuous Internal evaluation report pane:
- Student performance report is provided which displays semester-wise academic results of a student including SGPA and CGPA, upto the current semester
- Result Analysis is being provided in various formats
- Faculty co-ordinators for examinations to bridge the gap between Examination Branch and Department.
- Student Database is being maintained
- ESE planner is being prepared
- Student specific pre-printed bar coded OMR answer booklets
- Jumbling system in room-wise daily seating arrangement
- Jumbling system in discipline-wise daily seating arrangement
- Specific procedure is religiously followed & two stage manual scrutiny of documents is carried out to avoid errors in valuation.
- Tamper-proof Consolidated Grade Sheets with encrypted QR code is being issued.
- A separate server to store and retrieve examination-related data pertaining to any student.
- The results of UG & PG are declared within the time frame after the last examination. The results are published in the college website.
- Special attention to Physically challenged/differently abled/students with health reasons:
 - Permitting scribes during the examinations.
 - Providing exclusive seating to suit their requirements and also availing health supervisor services

Short Term Goals	
Short term goal 1: To develop Table of Specifications (ToS) module for faculty	Action Plan: Module is to be designed
Short term goal 2: To facilitate digital issuance, storage, access and verification of academic certificates through National Academic Depository (NAD)	Action Plan: Academic certificates digital data uploading in National Academic Depository (NAD) database in progress
Short term goal 3: Implementation of performance indicators in Question papers	Action Plan: Awareness about Performance indicators is to be created

Long Term Goals
<ul style="list-style-type: none">➤ Zero % Malpractice by continuously educating all the students➤ In-house software development for Examination Branch activities➤ To develop fully automated software without depending on CMS

Overall Suggestions / Remarks by Examination Branch -Academic Audit Committee Members:

Examination branch is well equipped with state of the art facilities - May be offered consultancy services to other organisations
Provide brief summary on result analysis
Academic credit bank need to establish as per AICTE norms
Security protection of various academic documents may be improved as digital operations are increasing
Latest methods may be implemented to avoid several types of malpractices
