Sub: National Space Day - NASA Space Apps Challenge Hackathon during Aug. 23-24, 2024 (24-Hour Event) — Reg.

Ref: (1) Note dated 14.8.2024 from Head, Centre for i²RE

*****

The Centre for i²RE is organizing a 24-hour NASA Space Apps Challenge Hackathon during 23-24 August 2024, in collaboration with SUMVN and Founders Lab at our institute, on the eve of National Space Day.

This Hackathon will provide comprehensive insights into microsatellite building, space technologies, and their applications. Students will gain knowledge about satellite functionalities, orbits, communication systems, and other technologies essential for space exploration and research.

According to the academic calendar, the MINOR examinations for B.Tech. Odd semester students are scheduled during the above period.

To encourage student participation in the Hackathon, the administration has *decided to postpone the MINOR examinations originally scheduled for 23-24 August 2024. These two days examinations will be rescheduled to immediately after the last date of the MINOR examinations.*

The HoDs are requested to arrange for the issuance of the revised MINOR examination schedule.
